For course details and recertification, visit cpr.io

You'll find your card above. It includes the date of certification, a unique id, and the title of the course you took with National Health & Safety Association.

Print your card, cut it out, and then fold it down the center. You can then tape or glue it together. Carry the card in your wallet or purse, to have available if you need to reference it.

We have also sent an email with a link to your wallet card. Make sure to save the email so you can print additional copies of your card at any time.

Congratulations,

National Health & Safety Association
